

WET WINGS AND WHEELS

Despite a cool and extremely wet Fathers Day, Dairyland Tin Lizzies was represented with 24 guys, gals, and children. Our members came in with 10 Model T's and 1 Dodge Brothers coupe.

At this annual event --- Chicken wings, Wienie Winks (not to be confused with former New York Congressman Anthony Wiener's inter-net display), Salsa, "Fat Freddie's", Cheeses, Hot salsa cheese dip, Munchies, Deserts (Barb's mother baked) and a wide array of refreshments was the cuisine for the day. Two items missing --- Hot Chocolate & Coffee, we could have used it with the "cool" weather.

The inclement weather meant VFR (visual flight rules) aircraft were virtually non existent. There was a good turn out of Classic, Vintage, Muscle, and Collectible cars. The members of EAA chapter 766 put a great deal of effort into this annual event.

Though the weather was a "downer", the group of people in our hangar could share in the friendship and camaraderie which is prevalent in the Dairyland Tin Tizzies -- this was a real "upper".

Thank you to all that attended --- we enjoyed this special day.

Regards,

Jack & Barb
