

Dairyland Tin Lizzies  
 Yellowstone Trail Tour  
 June 4, 2016

On Saturday, June 4, the Dairyland Tin Lizzies will travel a 40 mile section of the Yellowstone Trail from Gumm’s Corners, just south of Jackson, to Fond du Lac. We will return by a different route. Ice cream stops are planned along the way, but **bring a picnic lunch** to be eaten at the park, just as travelers might have done during the era of early auto tourism. (An opportunity to use your manifold cooker, if you have one. There is a concession stand at the park).

What is the Yellowstone Trail? It is a historic automobile route established in 1912 connecting Plymouth Rock, Massachusetts to Puget Sound, Washington, directing travelers to Yellowstone National Park. Yellowstone Trail passes through Wisconsin, entering the southeast at Kenosha and exiting the northwest at Hudson. While traveling our section of the trail, we will see many remnants of the early days of automobile touring.

We will begin our tour at Lamm’s Gardens, 2708 Sherman Road, Jackson, 1 mile south of Hwy. 60 and ½ mile east of Hwy. P. There is parking for tow vehicles and trailers. **Arrive at 8:30 a.m.** for driver meeting and to learn about this beautiful property from Mr. John Lamm. We will also be accompanied on our tour by Mr. Mark Mowbray, executive director of the Yellowstone Trail Association. Our tour will begin by driving over two historic iron bridges spanning Cedar Creek at 9:00 a.m. The Yellowstone Trail will take us to the community of Theresa. We will tour the home of early Wisconsin pioneer Solomon Juneau (admission on your own), and be able to purchase good things to eat at Widmer’s Cheese Cellars, and Confections For Any Occasions by Joel (ice cream). From Theresa, we will travel to Lakeside Park in Fond du Lac, where we will eat our lunches, win door prizes, and have time to enjoy the amenities of the park such as the observation deck of the lighthouse and the park train ride.

On our return trip, we will stop at Honey Grove ice cream store, returning to the starting point about 4 pm. Plan to attend this tour with your Model T, and have fun while becoming immersed in history! RSVP is appreciated but not required.
