President's Message

It is hard to believe that the 2009 touring season has come to an end. For most of us, it is time to drain the water out of the radiator and prepare "Old Lizzie" for the long winter ahead. We have had some wonderful events planned and led by our members. A big thanks; to all those members who worked hard putting the tours and events together.

Our latest tour was on Sunday September 6th of Labor Day weekend, and was planned by Dan and Phyllis Schultz. Fourteen Model T's and thirty or so members met at Rich Edler's place in Waldo. Getting started we stopped in Plymouth to show off the cars to Rich's father; we then toured up to the Lamont Farm near Malone for a cookout/potluck picnic. Kevin Brusco and Jim and Colleen Rodell and their boys met us at the farm with their Model T's. There was a lot of great food at Larry and Carol Lamont's "park-like" farm. With 17 Model T's parked around the yard, it looked like the "Olden Days."

After eating too much; we started our return tour heading south on Seven Hills Road) (**BIG HILLS**) on our way back home. The tour route took us to Dundee where huge ice cream cones were consumed by most of the "Model T'ers."

After a few more miles, some split off and went home their separate ways, while the main group continued on to the Edler's. Thanks again to Dan and Phyllis for putting together another one of their super tours. Also, thanks to Larry and Carol Lamont for hosting us at their farm.

The fall business meeting will be on Sunday, November 8th at 2 P.M. in Allenton at Aidan O'Reilly's Pub and Grill. We will start planning for future events this winter and into 2010. Please bring your ideas and suggestions. After the meeting, you can stay for dinner. Thanks to Pete and Shelly Humphrey for making the arrangements. Hope to see you there!

Jim Rodell, Sr.

Fall Business Meeting

The location for the Fall Business Meeting is *Aidan O'Reilly's Pub & Grill, 402 Main Street, Allenton*. They have a banquet (meeting) room upstairs that will work very nicely for us. Beverages purchased at the bar can be taken upstairs for the meeting. Afterwards, food can be ordered downstairs. They have great sandwiches, pizza, some larger entrees and a kids' menu. The prices are very reasonable and separate checks will be provided upon request.

Date: Sunday November 8th

Time: Meeting at 2pm, Dinner at 4pm

DAIRYLAND TIN LIZZIES

SEVEN HILLS COOKOUT TOUR Labor Day Weekend Sunday September 6

On Sunday morning of Labor Day weekend members of the Dairyland Tin Lizzies and their Model T's met at Rich Edler's place just south of Waldo to start the Seven Hills Cookout Tour.

It was a beautiful sunny late summer day; once under way our first stop was a short drive to Plymouth, and a visit to Rich's dad's place to show off our cars to him.

From there we headed north thru Sheboygan County, and then west to Fondulac County and onto Larry and Carol Lamont's farm in Malone, where the cookout and socializing was to take place. They have a very nice backyard with some old and new barns making a perfect setting for a Model T gathering. With the group that met at Rich's place and a few more that joined us at Larry's we had a total of seventeen Model T's and 36 or so people to enjoy the rustic atmosphere and all kinds of food for everyone. The cooking of the hamburgers was handled by Dan Schultz and his helper Elijah.

After a couple of good hours of fellowship and car talk we headed south to Seven Hills Road, thus the name of the tour. Seven Hills Road is about an 8 mile stretch of straight road that goes over some pretty steep ridges, making some of them a challenge for the Model T; and some participants found out about gas and hills and

From Dundee some folks left in small groups for the drive back to their homes; the rest of the group continued south and enjoyed a scenic and a little dusty one lane gravel road through the Kettle Moraine forest ending at an intersection, where some split from the group to head for home in the West Bend area.

how they relate to the T along this stretch, but everyone made it down to Dundee in one piece, and a stop at The Hamburger Haus, where most enjoyed huge Cedar Crest ice cream cones.

Those who were left headed back to Rich's place to load trailers and reflect on the day, and some continued east and north to get their cars home. Overall it was another fun event for the participants and a nice drive for the cars. Everyone's participation helped in this tours success, so a big thanks to all and our picture takers Shawn and Kendall Gerrits.
