Presidents Message

At the April 19th meeting I was elected as the 4th president of the Dairyland Tin Lizzies. It was reported that I won by only 4 votes over my six-year-old grandson, Eric Rodell; so I do feel quite honored.

Thank you to Kevin Brusco for serving our club as president for the past 3 years. He did a great job.

Pete Humphrey was elected as our new treasurer, a position he has held before. Thanks to Adam Doleshal for keeping our finances in order as treasurer for the past 4 years. All other officers are in for another year.

It looks like we have a nice schedule of summer activities that started off with a 3-day tour to Door County over the Memorial Day weekend. This tour was planned by Dan & Phyllis Schultz and DeWayne Fritz & Diane Scheid. I couldn't make it, but I hope everyone had fun and good weather. I heard there were 14 model T's on this tour and a write up will be in a future issue of the Buzz.

On Fathers Day June 21st, we will be attending the Wings and Wheels Show at the Sheboygan County Airport. This is an annual free event that is organized by the EAA Chapter. They have a great pancake breakfast and lots of other good food. There are many activities for kids and adults. You can expect to see a variety of aircraft and all kinds of cars, trucks, tractors, motorcycles and more. I will be leading a tour from West Bend; leaving Vrana's Body Shop at 8:30 AM. Trailer parking is available there for anyone that needs it. If you prefer to take a shorter tour, you may meet at Rich Edler's home, which is about 10 miles southwest of the airport. He will be leaving at 9:30 AM; there is trailer parking there also.

There are more events planned for July, August, and September. Check the calendar and watch for more information in future issues of The Buzz. If someone wants to organize an event for an open date please contact me.

Have fun,

Jim Rodell, Sr.

On the way back to Hartford we will be stopping to visit Harry Nelezen. He will have treats for us and we will get to see his log cabin, covered bridge and other interesting things at his place. We will leave the parking lot in Hartford at 9:00. If you are planning to go, please let Carol Gumbinger know so that we do not leave without you.

The Great Circus World Parade is back!

On Sunday, July 12, the Great Circus Parade returns to Milwaukee. Did you know the Great Circus Parade is the third largest parade in the nation? Only the Rose Parade and Macy's Parade draw more visitors.

To go along with the marvelous circus wagons and performers, Circus World is looking for excellent examples of rare and interesting antique automobiles to lead the parade down the streets of Milwaukee. The automobiles must be between 1890 and 1929. Drivers and occupants must be in vintage appropriate clothing. All vehicles must have the required insurance coverage. There will be no monetary compensation for participating, however, Circus World will be recognizing the people involved in the event. If you have an automobile which you feel meets this criteria, please send a photo to Circus World Museum, 550 Water Street, Baraboo, WI 53913.

MODEL T FOR SALE

1925 Model T Fordor (4-door)

This car was restored from the frame up in 1987-88 and was driven very little since. Ace Auto Upholstery in West Bend did the upholstery. The bodywork was professionally done in Grafton. There are receipts for all of the work, including the complete engine rebuilding. Because it has not been used much, it needs some tuning. The carburetor is probably gummed up and the ignition system needs some tuning. It starts and runs, but misses and stops. New battery, also. The car is located in Saukville, and will be sold to settle the estate. The family is asking \$10,000, but is open to offers.

There are also extra parts and books that will be included.

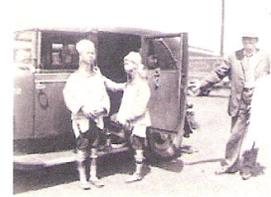

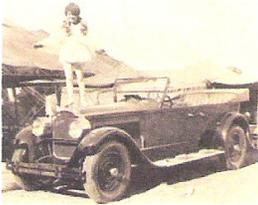

For more information call, Butch Helm telephone 262-284-1113, or cell 262-355-5970
